ABOUT US

- school with more than 70 years of tradition
- we educate: pupils with mental disabilities (MD) from the mildest to most severe form, pupils with MD and multiple disabilities and pupils with autism or other pervasive developmental disorders with MD

- **Mission**

"We are a school where every pupil has the right to experience success."

- **Vision**

"We want to be a modern and open school, growing in development and providing quality services."

OUR SCHOOL EDUCATIONAL PROGRAM

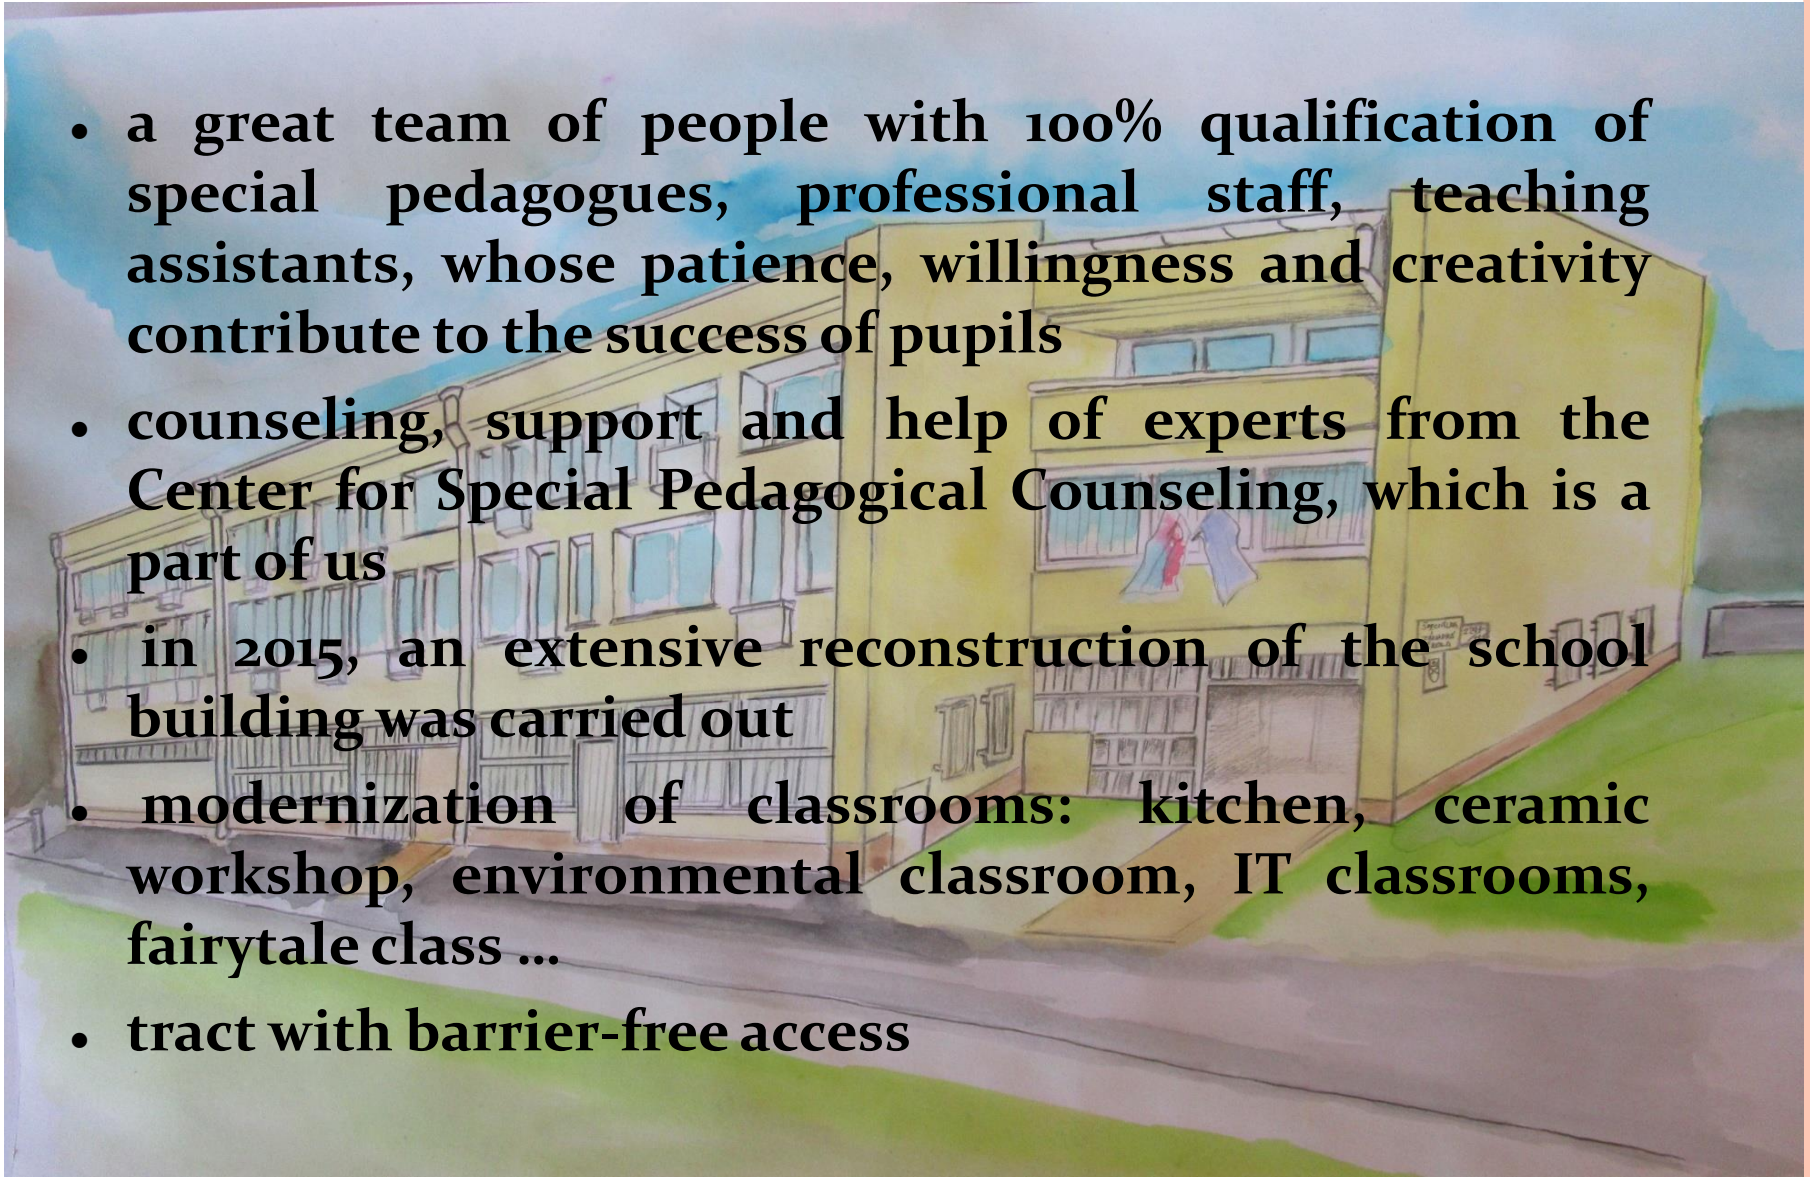

WE LEARN FOR LIFE

- optional subjects at school are based primarily on the needs and interests of pupils and their parents and with regard to current modern trends in education - e.g. environmental education, traffic education, drama education, family education, playful reading, mathematics through play, work with computer, ...
- we approach each pupil individually and respect his needs

OUR BENEFITS

- a great team of people with 100% qualification of special pedagogues, professional staff, teaching assistants, whose patience, willingness and creativity contribute to the success of pupils
- counseling, support and help of experts from the Center for Special Pedagogical Counseling, which is a part of us
- in 2015, an extensive reconstruction of the school building was carried out
- modernization of classrooms: kitchen, ceramic workshop, environmental classroom, IT classrooms, fairytale class ...
- tract with barrier-free access

OUR JOURNEY OF EXPERIENCES

- School in nature
- Ski course
- summer school

THErapy AND HEALTH EXERCISES

- music therapy
- canis therapy
- art therapy
- occupational therapy
- providing rehabilitation and physiotherapeutic exercises

WE IMPROVE OUR MATERIAL-TECHNICAL EQUIPMENT

- Creativity and the desire to work are also transformed into a number of manufactured teaching and didactic aids, "box assignments", auxiliary wall posters, compensatory aids, etc.
- Every year we manage to obtain material or equipment as a sponsor, e.g. books, toys, data projector, computers, ...
- We also increase the level of the teaching process through donated 2% of our Civic Association ERIMA (school furniture, scooters, bean bags, materials for the ceramic workshop, art studio, gym ...)

WE PARTICIPATE IN PROJECTS AND PROGRAMS

- Completed projects - Infovek, DIGI school, project-Removal of barriers, MRC-Support of social inclusion, Green school, School reconstruction
- Ongoing projects - Erasmus + Learning without barriers, Assisting professions in the education of children and pupils, Improving study results and competencies of pupils in special basic schools, We like to read, Preventive program KOZMO, ZSE Exceptional school-Fairytales class
